

Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waiver's target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for a Renewal to a §1915(c) Home and Community-Based Services Waiver

1. Major Changes

Describe any significant changes to the approved waiver that are being made in this renewal application:

Medicaid is requesting an increase in MDCS waiver slots, from 4800 to 5000 in the FY2012, and then adding 360 slots each year in the subsequent four years of the waiver period. There are no other significant changes to the renewal application.

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

Purpose:

The purpose of the Medical Day Care (MDC) Services Waiver is to provide community eligible Medicaid participants who require a nursing facility level of care a cost effective community-based alternative to institutional care. By offering medical day care, the waiver is able to serve individuals age 16 or older allowing participants to stay connected to family and their community. Each participant has an individualized service plan designed to support their health and safety while remaining cost effective to Medicaid.

Goals of the Program are to:

Provide health support services, maximize optimal health functioning and independence, serve as respite/relief for families and/or caregivers, serve as an integrated service within home and community-based care, serve as rehabilitation or re-training of impaired functions, and serve as an alternative to or delay of institutional care.

Organizational Structure:

The Maryland Department of Health and Mental Hygiene (DHMH) is the single State agency for Medicaid. DHMH Office of Health Services (OHS), is responsible for ensuring compliance with federal and State laws and regulations related to the operation of the waiver. Additionally, OHS is responsible for policy development, participant eligibility, coordinating the fair hearing process, monitoring the performance of the MDC provider, oversight of the waiver and carrying out federal and State reporting functions.

The DHMH has several other Medicaid divisions or programs integrally involved in the operation of the MDC Services Waiver. The Office of Systems, Operations and Pharmacy performs functions related to provider enrollment and reimbursement of covered services through MMIS. DHMH's Adult Evaluation and Review Services (AERS) is a statewide mandated program located within each local health department in Maryland. AERS staff, comprised of nurses and social workers, conduct comprehensive social and medical evaluations of waiver applicants initially. Finally, DHMH maintains a contract with a utilization control agent (UCA), whose function is to determine the medical eligibility for applicants and participants, as well as conducts periodic review of medical records.

Service Delivery Methods:

The waiver services are rendered by MDC providers who must be licensed by the Office of Health Care Quality(OHCQ) and approved by Medicaid according to provider standards developed by DHMH. All waiver services must be authorized through the service plan process, and only those waiver services that comply with the participant's service plan will be reimbursed by Medicaid.

3. Components of the Waiver Request

The waiver application consists of the following components. Note: *Item 3-E must be completed.*

- A. Waiver Administration and Operation.** Appendix A specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility.** Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services.** Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.
- D. Participant-Centered Service Planning and Delivery.** Appendix D specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).
- E. Participant-Direction of Services.** When the State provides for participant direction of services, **Appendix E** specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):

☒ **Yes. This waiver provides participant direction opportunities.** Appendix E is required.

☐ **No. This waiver does not provide participant direction opportunities.** Appendix E is not required.

- F. Participant Rights.** **Appendix F** specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
- G. Participant Safeguards.** **Appendix G** describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.
- H. Quality Improvement Strategy.** **Appendix H** contains the Quality Improvement Strategy for this waiver.
- I. Financial Accountability.** **Appendix I** describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.
- J. Cost-Neutrality Demonstration.** **Appendix J** contains the State's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

- A. Comparability.** The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in **Appendix C** that are not otherwise available under the approved Medicaid State plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in **Appendix B**.
- B. Income and Resources for the Medically Needy.** Indicate whether the State requests a waiver of §1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):

- ☐ Not Applicable
- ☒ No
- ☐ Yes

- C. Statewide.** Indicate whether the State requests a waiver of the statewide requirements in §1902(a)(1) of the Act (*select one*):

- ☒ No
- ☐ Yes

If yes, specify the waiver of statewide requirements that is requested (*check each that applies*):

- ☐ **Geographic Limitation.** A waiver of statewide requirements is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the State.

Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:

- ☐ **Limited Implementation of Participant-Direction.** A waiver of statewide requirements is requested in order to make *participant-direction of services* as specified in **Appendix E** available only to individuals who reside in the following geographic areas or political subdivisions of the State. Participants who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State.

Specify the areas of the State affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

- A. Health & Welfare:** The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
 1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;

2. Assurance that the standards of any State licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable State standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community based waiver services. **Appendix B** specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- E. Average Per Capita Expenditures:** The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.
- G. Institutionalization Absent Waiver:** The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- H. Reporting:** The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.
- I. Habilitation Services.** The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.
- J. Services for Individuals with Chronic Mental Illness.** The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan.** In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- B. Inpatients.** In accordance with 42 CFR §441.301(b)(1) (ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/MR.
- C. Room and Board.** In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- D. Access to Services.** The State does not limit or restrict participant access to waiver services except as provided in **Appendix C**.
- E. Free Choice of Provider.** In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.
- F. FFP Limitation.** In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.
- G. Fair Hearing:** The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community- based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.
- H. Quality Improvement.** The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified in **Appendix H**.
- I. Public Input.** Describe how the State secures public input into the development of the waiver:
DHMH will obtain ongoing public input for the development and operation of the MDC Services Waiver in a variety of ways. A Waiver Advisory Committee has been established to provide an ongoing forum for stakeholders to provide input to DHMH. The Advisory Committee is comprised of provider representatives including but not necessarily limited to the Maryland Association for Adult Day Services(MAADS), Health Facilities Association of Maryland (HFAM), participants and family members. The Committee reviews proposed regulations, policy changes, waiver amendments and renewals and makes recommendations. Regular updates on proposed regulatory changes, amendments, renewals, etc regarding the MDC Services Waiver are provided by OHS staff to the Medicaid Advisory Committee.

When new or amended regulations or waiver amendments/renewals are proposed by DHMH, a notice is required to be published in the Maryland Register. Regulations may not be promulgated until an opportunity for public comment is provided, including a response from DHMH to all public comments received.
- J. Notice to Tribal Governments.** The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

- K. Limited English Proficient Persons.** The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

8. Authorizing Signature

This document, together with Appendices A through J, constitutes the State's request for a waiver under §1915(c) of the Social Security Act. The State assures that all materials referenced in this waiver application (including standards, licensure and certification

requirements) are **readily** available in print or electronic form upon request to CMS through the Medicaid agency or, if applicable, from the operating agency specified in Appendix A. Any proposed changes to the waiver will be submitted by the Medicaid agency to CMS in the form of waiver amendments.

Upon approval by CMS, the waiver application serves as the State's authority to provide home and community-based waiver services to the specified target groups. The State attests that it will abide by all provisions of the approved waiver and will continuously operate the waiver in accordance with the assurances specified in Section 5 and the additional requirements specified in Section 6 of the request.

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

☒ **The waiver is operated by the State Medicaid agency.**

Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (*select one*):

☒ **The Medical Assistance Unit.**

Specify the unit name:

Office of Health Services

(Do not complete item A-2)

- ☐ **Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit.**

Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

(Complete item A-2-a).

- ☐ **The waiver is operated by a separate agency of the State that is not a division/unit of the Medicaid agency.**

Specify the division/unit name:

In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. *(Complete item A-2-b).*

Appendix A: Waiver Administration and Operation

2. Oversight of Performance.

- a. **Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency.** When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities: **As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the State Medicaid agency. Thus this section does not need to be completed.**

- b. **Medicaid Agency Oversight of Operating Agency Performance.** When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance: **As indicated in section 1 of this appendix, the waiver is not operated by a separate agency of the State. Thus this section does not need to be completed.**

Appendix A: Waiver Administration and Operation

3. **Use of Contracted Entities.** Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) *(select one)*:

- ☒ **Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).**

Specify the types of contracted entities and briefly describe the functions that they perform. *Complete Items A-5 and A-6.:*

The Department of Health and Mental Hygiene (DHMH) has a contracted Utilization Control Agent (UCA). The UCA will determine medical eligibility for initial and continued participation in this waiver.

- ☐ **No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).**

Appendix A: Waiver Administration and Operation

- 4. Role of Local/Regional Non-State Entities.** Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):

- ☒ **Not applicable**
- ☐ **Applicable** - Local/regional non-state agencies perform waiver operational and administrative functions. Check each that applies:

- ☐ **Local/Regional non-state public agencies** perform waiver operational and administrative functions at the local or regional level. There is an **interagency agreement or memorandum of understanding** between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.

Specify the nature of these agencies and complete items A-5 and A-6:

- ☐ **Local/Regional non-governmental non-state entities** conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The **contract(s)** under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

- 5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities.** Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

The Office of Health Services (OHS) contracts with a UCA to perform level of care (LOC) determinations. The Chief of the Division of Long Term Care is the contract monitor for the UCA contract. On a quarterly basis, staff performs budget reconciliation of the UCA's review performance statistics. Additionally, there are periodic reviews of the appropriateness of Medicaid LOC determinations by the UCA, which include determinations of medical eligibility for waiver services.

Appendix A: Waiver Administration and Operation

- 6. Assessment Methods and Frequency.** Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

The Program's Contract Monitor receives a monthly report indicating the timeliness of each decision. If the UCA is not completing the LOC decisions within the required timeframe specified in the contract, the Contract Monitor will inform the UCA and request a corrective action plan. The corrective action plan must be approved by the contract monitor. Follow-up to

ensure adherence will be conducted by the Contract Monitor.

The State receives a monthly UCA report that identifies participants that have not received an annual LOC determination. When a redetermination is not done annually, the Center is notified that they must submit a LOC evaluation to the UCA for a determination. The State payment system does not allow Centers to be paid for dates of service for which the participant did not have an annual LOC. The State will counsel Centers that do not submit LOC determinations annually. When a redetermination is not done annually, the participant is notified that the Center failed to submit a LOC redetermination timely. The participant continues to receive services pending the outcome of the evaluation.

Appendix A: Waiver Administration and Operation

- 7. Distribution of Waiver Operational and Administrative Functions.** In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*): In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. *Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.*

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each

source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Indicator: % of initial LOC decisions completed timely by UCA in accordance with the Medicaid contract; **Numerator:** # of initial decisions made within the required timeframe; **Denominator:** # of initial LOC decisions made by the UCA

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

The Program's Contract Monitor receives a monthly report indicating the timeliness of each decision. If the UCA is not completing the LOC decisions within the required timeframe specified in the contract, the Contract Monitor will inform the UCA and request a corrective action plan. The corrective action plan must be approved by the contract monitor. Follow up to ensure adherence will be conducted by the Contract Monitor.

B-1: Specification of the Waiver Target Group(s)

- a. **Target Group(s).** Under the waiver of Section 1902(a)(10)(B) of the Act, the State limits waiver services to a group or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. *In accordance with 42 CFR §441.301(b)(6), select one waiver target group, check each of the subgroups in the selected target group that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:*

Target Group	Included	Target SubGroup	Minimum Age	Maximum Age	
				Maximum Age	No Maximum Age

				Limit	Limit
<input checked="" type="radio"/> Aged or Disabled, or Both - General					
	<input checked="" type="checkbox"/>	Aged	65		<input checked="" type="checkbox"/>

b. **Additional Criteria.** The State further specifies its target group(s) as follows:

The individual may not be enrolled in another Medicaid 1915(c) waiver or Program of All-Inclusive Care for the Elderly (PACE).

c. **Transition of Individuals Affected by Maximum Age Limitation.** When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (*select one*):

- ☐ **Not applicable. There is no maximum age limit**
- ☒ **The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.**

Specify:

Disabled individuals enrolled in the waiver by age 64 can stay in the waiver as long as they continue to meet all eligibility criteria.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

a. **Individual Cost Limit.** The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*) Please note that a State may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

- ☒ **No Cost Limit.** The State does not apply an individual cost limit. *Do not complete Item B-2-b or item B-2-c.*
- ☐ **Cost Limit in Excess of Institutional Costs.** The State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the State. *Complete Items B-2-b and B-2-c.*

The limit specified by the State is (select one)

- ☐ A level higher than 100% of the institutional average.

Specify the percentage:

- ☐ Other

Specify:

- ☐ **Institutional Cost Limit.** Pursuant to 42 CFR 441.301(a)(3), the State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. *Complete Items B-2-b and B-2-c.*
- ☐ **Cost Limit Lower Than Institutional Costs.** The State refuses entrance to the waiver to any otherwise qualified individual when the State reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the State that is less than the cost of a level of care specified for the waiver.

Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

- b. Method of Implementation of the Individual Cost Limit.** When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

	 
--	---

- c. Participant Safeguards.** When the State specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the State has established the following safeguards to avoid an adverse impact on the participant (*check each that applies*):

- ☐ **The participant is referred to another waiver that can accommodate the individual's needs.**
- ☐ **Additional services in excess of the individual cost limit may be authorized.**

Specify the procedures for authorizing additional services, including the amount that may be authorized:

B-3: Number of Individuals Served (1 of 4)

- a. Unduplicated Number of Participants.** The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The State will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

Waiver Year	Unduplicated Number of Participants
Year 1	5000
Year 2	5360
Year 3	5720
Year 4	6080
Year 5	6440

- b. Limitation on the Number of Participants Served at Any Point in Time.** Consistent with the unduplicated number of participants specified in Item B-3-a, the State may limit to a lesser number the number of participants who will be served at any

point in time during a waiver year. Indicate whether the State limits the number of participants in this way: *(select one)*:

- ☐ The State does not limit the number of participants that it serves at any point in time during a waiver year.
- ☒ The State limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	4500
Year 2	4760
Year 3	5120
Year 4	5480
Year 5	5840

B-3: Number of Individuals Served (2 of 4)

- c. **Reserved Waiver Capacity.** The State may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State *(select one)*:
- ☒ Not applicable. The state does not reserve capacity.
- ☐ The State reserves capacity for the following purpose(s).

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

- d. **Scheduled Phase-In or Phase-Out.** Within a waiver year, the State may make the number of participants who are served subject to a phase-in or phase-out schedule *(select one)*:
- ☒ The waiver is not subject to a phase-in or a phase-out schedule.
- ☐ The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.
- e. **Allocation of Waiver Capacity.**

Select one:

- ☒ Waiver capacity is allocated/managed on a statewide basis.
- ☐ Waiver capacity is allocated to local/regional non-state entities.

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

Individuals who are 16 years and older, community eligible for Medicaid, and meet nursing facility level of care who do not participate in another HCBS waiver or PACE will be eligible for the MDC Services Waiver. Eligible individuals are enrolled in the waiver program on a first-come, first-served basis until the annual cap on the unduplicated number of participants (see table B-3-a) or the maximum number of participants (see table B-3-b) on waiver participation is reached.

When the waiver reaches its full capacity, OHS will establish a Waiting List of qualified applicants. When waiver slots become available, due to attrition or an increase in the annual cap of enrollees, those applicants with the highest priority based on their imminent need will be notified.

 - ☐ 209(b) State
 - 2. Miller Trust State.**
Indicate whether the State is a Miller Trust State (*select one*):
 - ☒ No
 - ☐ Yes
- b. Medicaid Eligibility Groups Served in the Waiver.** Individuals who receive services under this waiver are eligible under the following eligibility groups contained in the State plan. The State applies all applicable federal financial participation limits under the plan. *Check all that apply:*

Eligibility Groups Served in the Waiver (excluding the special home and community-based waiver group under 42 CFR §435.217)

- ☒ Low income families with children as provided in §1931 of the Act
- ☒ SSI recipients
- ☐ Aged, blind or disabled in 209(b) states who are eligible under 42 CFR §435.121
- ☒ Optional State supplement recipients
- ☐ Optional categorically needy aged and/or disabled individuals who have income at:

Select one:

- ☐ 100% of the Federal poverty level (FPL)
- ☐ % of FPL, which is lower than 100% of FPL.

Specify percentage:

- ☐ Working individuals with disabilities who buy into Medicaid (BBA working disabled group as provided in §1902(a)(10)(A)(ii)(XIII) of the Act)
- ☐ Working individuals with disabilities who buy into Medicaid (TWWIIA Basic Coverage Group as provided in

§1902(a)(10)(A)(ii)(XV) of the Act)

- ☐ Working individuals with disabilities who buy into Medicaid (TWWIA Medical Improvement Coverage Group as provided in §1902(a)(10)(A)(ii)(XVI) of the Act)
- ☐ Disabled individuals age 18 or younger who would require an institutional level of care (TEFRA 134 eligibility group as provided in §1902(e)(3) of the Act)
- ☐ Medically needy in 209(b) States (42 CFR §435.330)
- ☒ Medically needy in 1634 States and SSI Criteria States (42 CFR §435.320, §435.322 and §435.324)
- ☒ Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)

B-5: Post-Eligibility Treatment of Income (1 of 4)

In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group. A State that uses spousal impoverishment rules under §1924 of the Act to determine the eligibility of individuals with a community spouse may elect to use spousal post-eligibility rules under §1924 of the Act to protect a personal needs allowance for a participant with a community spouse.

- a. **Use of Spousal Impoverishment Rules.** Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217 (*select one*):

d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan.. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-4 indicate that you do not need to submit Appendix B-5 and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

- a. Reasonable Indication of Need for Services.** In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for services:

i. Minimum number of services.

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:

ii. Frequency of services. The State requires (select one):

- ☐ The provision of waiver services at least monthly
- ☒ Monthly monitoring of the individual when services are furnished on a less than monthly basis

If the State also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

The provision of waiver services weekly.

- b. Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (select one):

- ☐ Directly by the Medicaid agency
- ☐ By the operating agency specified in Appendix A
- ☒ By an entity under contract with the Medicaid agency.

Specify the entity:

The Utilization Control Agent (UCA).

- ☒ Other
- Specify:*

- c. Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

The State Medicaid Agency contracts with a UCA that is a Quality Improvement Organization to determine a waiver applicant's level of care (LOC). The UCA employs licensed registered nurses to certify nursing facility LOC and a physician, as does DHMH, who will assist in the determination of LOC when there are unusually complex or contested decisions. All LOC determinations are subject to review and approval by the Medicaid agency.

- d. Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

The same medical eligibility standard is applied to waiver participants as to individuals seeking approval for institutional nursing facility services. Applicants for services that require a nursing facility level of care are assessed considering ADL's, IADL's, behavioral issues, and cognitive ability in order to determine their need for health-related services that are above the level of room and board.(42 CFR 440.155). Services are not limited to individuals who require skilled or rehabilitative services.

The UCA uses a standardized LOC evaluation tool called the DHMH 3871B to assess each applicant for nursing facility level of care.

- e. Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

- ☒ **The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.**
- ☐ **A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.**

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

- f. Process for Level of Care Evaluation/Reevaluation:** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The process begins with Adult Evaluation and Review Services (AERS) staff from the local health departments. Registered Nurses and/or Social Workers conduct an initial comprehensive assessment of the applicant using a standardized form (DHMH 3871B). AERS forwards all supporting medical documentation to the UCA. The UCA evaluates the DHMH 3871B assessment information to determine if an applicant meets the level of care. When the DHMH 3871B clinical information for the applicant is insufficient to meet the criteria for NF LOC eligibility it is subject to a face-to-face review by the UCA nurses and/or physicians to determine NF eligibility.

For annual reevaluations the DHMH 3871B is completed by the MDC provider and forwarded to the UCA for recertification of medical eligibility.

- g. Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

- ☐ **Every three months**
- ☐ **Every six months**
- ☒ **Every twelve months**
- ☐ **Other schedule**

Specify the other schedule:

- h. Qualifications of Individuals Who Perform Reevaluations.** Specify the qualifications of individuals who perform reevaluations (*select one*):

- ☒ **The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.**
- ☐ **The qualifications are different.**

Specify the qualifications:

- i. Procedures to Ensure Timely Reevaluations.** Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care (*specify*):

The MDC provider is responsible for the timely submission of a DHMH 3871B to the UCA prior to the re-determination due date. The State receives a monthly UCA report that identifies participants that have not received an annual LOC determination. When a redetermination is not done annually, the Center is notified that they must submit a LOC evaluation to the UCA for a determination. The State payment system does not allow Centers to be paid for dates of service for which the participant did not have an annual LOC. The State will counsel Centers that do not submit LOC determinations annually. When a redetermination is not done annually, the participant is notified that the Center failed to submit a LOC redetermination timely. The participant continues to receive services pending the outcome of the evaluation.

- j. Maintenance of Evaluation/Reevaluation Records.** Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

COMAR regulation 10.09.36 states that providers must maintain adequate records for a minimum of six years, and make them available, upon request, to the Department or its designee.

UCA is contractually required to maintain records for a minimum of six years.

i. Sub-Assurances:

- a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.**

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

When the initial LOC determination is not completed prior to the applicant receiving services, the State will contact the applicant advising them to contact AERS for an evaluation. If approved, the applicant will be enrolled in the waiver. If the applicant is not approved, they will be notified in writing by the State that they are not eligible for the MDCSW and informed of their right to appeal the decision to the Administrative Law Judge.

The State will contact centers that attempt to enroll new applicants prior to receiving a LOC determination advising them of the MDCSW enrollment protocol.

The State receives a monthly UCA report that identifies participants that have not received an annual LOC

determination. When a redetermination is not done annually, the center is notified that they must submit a LOC evaluation to the UCA for a determination. The State payment system does not allow centers to be paid for dates of service for which the participant did not have an annual LOC. The State will counsel centers that do not submit LOC determinations annually. When a redetermination is not done annually, the participant is notified that the center failed to submit a LOC redetermination timely. The participant continues to receive services pending the outcome of the evaluation.

The OHS validates a percentage MDC LOC decisions monthly. If during the validation review it is determined that a LOC determination was incorrect, the applicant or participant continues to receive services pending the outcome of a new evaluation. The UCA is consulted and an investigation is initiated to determine why the LOC was incorrect. When appropriate, a corrective action plan is requested.

Appendix B: Participant Access and Eligibility

B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
- ii. given the choice of either institutional or home and community-based services.

- a. **Procedures.** Specify the State's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The MDC Services Waiver packet distributed by AERS, includes a Freedom of Choice form called the Participant Consent Form to be completed and signed by waiver applicants. The Participant Consent Form includes a description of waiver services and requires the applicant to choose between institutional and community-based services. The applicant will not be enrolled in the waiver program until the Participant Consent Form is signed.

- b. Maintenance of Forms.** Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

The signed Participant Consent Form is to be maintained in each participant's record by the Program and by the MDC.

Appendix B: Participant Access and Eligibility

B-8: Access to Services by Limited English Proficiency Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003):

The State provides meaningful access to individuals with Limited English Proficiency (LEP) who are applying for or receiving Medicaid services. Methods include providing interpreters at no cost to clients, and translations of forms and documents. Additionally, interpreter resources are available for individuals who contact DHMH for information, requests for assistance or complaints.

The DHMH website contains useful information on Medicaid waivers and other programs and resources. The State also provides translation services at fair hearings if necessary. If an LEP appellant attends a hearing without first requesting services of an interpreter, the administrative law judge will not proceed unless there is an assurance from the appellant that they are able to sufficiently understand the proceedings. If not, the hearing will be postponed until an interpreter has been secured.

Medical Day Care

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

- ☒ Service is included in approved waiver. There is no change in service specifications.
- ☐ Service is included in approved waiver. The service specifications have been modified.
- ☐ Service is not included in the approved waiver.

Service Definition (Scope):

Medical Day Care is a program of medically supervised, health-related services provided in an ambulatory setting to medically handicapped adults who, due to their degree of impairment, need health maintenance and restorative services supportive to their community living.

(A. Medical Day Care includes the following services:

- (1) Health care services supervised by the director, medical director, or health director, which emphasize primary prevention, early diagnosis and treatment, rehabilitation and continuity of care.
- (2) Nursing services performed by a registered nurse or by a licensed practical nurse under the supervision of a registered nurse.
- (3) Physical therapy services, performed by or under supervision of a licensed physical therapist.
- (4) Occupational therapy services, performed by an occupational therapist.
- (5) Assistance with activities of daily living such as walking, eating, toileting, grooming, and supervision of personal hygiene.
- (6) Nutrition services.
- (7) Social work services performed by a licensed, certified social worker or licensed social work associate.
- (8) Activity Programs.
- (9) Transportation Services.

B. The Program will reimburse for a day of care when this care is:

- (1) Medically necessary;
- (2) Adequately described in progress notes in the participant's medical record, signed and dated by the individual providing care;
- (3) Provided to participants certified by the Department as requiring nursing facility care under the Program as specified in COMAR 10.09.10;
- (4) Provided to participants certified present at the medical day care center a minimum of 4 hours a day by an adequately maintained and documented participant register; and
- (5) Specified in the participant's service plan.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

A Waiver participant must attend the MDC a minimum of 4 hours per day for the service to be coverable. The frequency of attendance is determined by the physician orders and is part of the service plan developed by the multi-disciplinary team.

- d. Provision of Personal Care or Similar Services by Legally Responsible Individuals.** A legally responsible individual is any person who has a duty under State law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the State, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. *Select one:*

- ☒ **No. The State does not make payment to legally responsible individuals for furnishing personal care or similar services.**
- ☐ **Yes. The State makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.**

Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) State policies that specify the circumstances when payment may be authorized for the provision of **extraordinary care** by a legally responsible individual and how the State ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the State policies specified here.*

- e. **Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians.** Specify State policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

- ☒ **The State does not make payment to relatives/legal guardians for furnishing waiver services.**
- ☐ **The State makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.**

Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.*

- ☐ **Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3.**

Specify the controls that are employed to ensure that payments are made only for services rendered.

- ☐ **Other policy.**

Specify:

- f. **Open Enrollment of Providers.** Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

Provider enrollment for the MDC Services Waiver is an open process. Providers can apply to become MDC Services Waiver providers at any time. Providers can enroll by requesting a provider enrollment packet from OHS. The enrollment packet informs the potential applicant of the enrollment procedure. Provider qualifications are specified in Maryland regulations which are maintained on DHMH website as well as distributed by DHMH staff upon request. Medical Day Care providers must be licensed by the Office of Health Care Quality. Once licensed by the State, the provider may apply to become a Medicaid MDC Services Waiver provider through DHMH OHS. All provider applicants who are both licensed by OHCQ and meet the Medicaid Programs' "Conditions for Participation" are enrolled and submitted by OHS staff to Provider Enrollment to be entered in MMIS.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible. The Provider must meet the requirements of OHCQ to become a licensed provider. A license is issued for a two-year period. The renewal procedure for this license shall include a re-inspection and reevaluation of the center by OHCQ.

OHCQ in conjunction with DHMH conduct quarterly training seminars to outline policy requirements to potential providers.

OHCQ may conduct unannounced or announced licensure or complaint investigation visits as frequently as necessary

to ensure compliance of the regulations or for the purpose of investigating a complaint.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

When the State discovers that a provider does not meet OHCQ licensing standards, The State immediately terminates the Medicaid provider's enrollment and participants are transferred to another licensed provider.

When the State discovers that a provider does not meet participation standards, the State immediately informs the provider and requests a corrective action plan, within 15 days, that brings the provider into compliance with qualifications. When appropriate, funds will be recovered. Follow-up occurs to ensure the corrective action plan has been implemented by the provider.

When a new provider has not attended orientation training, the State denies the new provider's Medicaid enrollment application. Notification of the denial is forwarded to the new provider with the recommendation that they attend orientation training prior to resubmitting the Medicaid enrollment application.

ii. Remediation Data Aggregation

Please provide a detailed strategy for assuring Qualified Providers, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix C: Participant Services

C-3: Waiver Services Specifications

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

Appendix C: Participant Services

C-4: Additional Limits on Amount of Waiver Services

- a. Additional Limits on Amount of Waiver Services.** Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*select one*).

- ☐ **Not applicable** - The State does not impose a limit on the amount of waiver services except as provided in Appendix C-3.
- ☒ **Applicable** - The State imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (*check each that applies*)

- ☐ **Limit(s) on Set(s) of Services.** There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver.
Furnish the information specified above.

- ☐ **Prospective Individual Budget Amount.** There is a limit on the maximum dollar amount of waiver services authorized for each specific participant.
Furnish the information specified above.

- ☐ **Budget Limits by Level of Support.** Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services.
Furnish the information specified above.

- ☒ **Other Type of Limit.** The State employs another type of limit.
Describe the limit and furnish the information specified above.

One unit per day.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (1 of 8)

State Participant-Centered Service Plan Title:
Plan of Care

- a. Responsibility for Service Plan Development.** Per 42 CFR §441.301(b)(2), specify who is responsible for the development of the service plan and the qualifications of these individuals (*select each that applies*):

- ☒ **Registered nurse, licensed to practice in the State**
- ☐ **Licensed practical or vocational nurse, acting within the scope of practice under State law**
- ☒ **Licensed physician (M.D. or D.O)**
- ☐ **Case Manager** (qualifications specified in Appendix C-1/C-3)
- ☐ **Case Manager** (qualifications not specified in Appendix C-1/C-3).

Specify qualifications:

☒ **Social Worker.**

Specify qualifications:

A social worker is defined as an individual who is in compliance with the social work licensing requirements of Maryland.

☐ **Other**

Specify the individuals and their qualifications:

Appendix D: Participant-Centered Planning and Service Delivery

b. Service Plan Development Safeguards. *Select one:*

- ☐ **Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.**
- ☒ **Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant.**

The State has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. *Specify:*

Safeguards include active involvement of participants and participants' representatives, if applicable, in the multi-disciplinary team convened by the MDC to develop the service plan. The multi-disciplinary team is comprised of a nurse, a social worker, and a physician who signs the plan.

The service plan must include the assessed needs and the participant's goals. OHS reviews service plans annually. OHS, the UCA and OHCQ review service plans as part of the on-site review process.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (3 of 8)

c. Supporting the Participant in Service Plan Development. Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

- a) The participant (and/or family or legal representative) has the freedom to choose the center they believe will best meet their needs.
- b) The participant is actively engaged as a member of the multi-disciplinary team, who supports and informs the participant in the development of their service plan. The team may be comprised of a nurse, a social worker, and a physician who collaboratively work with the participant and/or their representative in the service plan development. The participant may include others in the process.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (4 of 8)

d. Service Plan Development Process. In four pages or less, describe the process that is used to develop the participant-centered

service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

- a. The service plan is developed by the multi-disciplinary team in consultation with the participant and will identify who will provide waiver services.
- b. Eligibility and need for waiver services is determined by the Program's UCA subsequent to review of the AERS evaluation of the applicant as reflected on a completed DHMH 3871B and any related supporting documents. Once the need for waiver services has been established, the participant, their physician and MDC staff comprise a multi-disciplinary team that determines the frequency and scope of waiver service. The service plan is developed in consideration of the participant's strengths, capabilities, needs, preferences, health status, risk factors and desired outcomes.
- c. The participant is informed that medical day care is the only waiver service.
- d. The participant participates in the development of the service plan.
- e. The MDC's social worker facilitates participant access to non-waiver services when needed. Facilitation may take the form of providing information, providing referrals, arranging transportation or other assistance in accessing non-waiver services.
- f. MDC's staff participates with the participant in developing the service plan and is responsible for provision of waiver service. Monitoring is performed by DHMH's OHCQ and OHS as discussed elsewhere.
- g. Service plan's are updated annually or as needed by changes in participant's needs or conditions.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

- e. **Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

A participant's needs and preferences are assessed and included as appropriate in their service plan. This is done when individuals first apply for the program, annually when re-determining waiver medical eligibility; and as needed based on changes in a participant's health and/or environment.

Strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In the development of the service plan, the participant is apprised of the availability of other Program services potentially available to meet their needs. The MDC's social worker facilitates participant access to such services as appropriate.

The development process for back-up plans and arrangements requires:

- That all waiver service plans include a back-up plan for every waiver participant.
- Each back-up plan must identify procedures to be followed in the event that waiver or other services are not available and/or other unforeseen events occur that would put the participant at risk.
- The back-up plan should factor into the service plan variables that are unique to the participant and specify actions or communication procedures that should be implemented when utilizing the back-up plan.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

- f. **Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Participants may choose any willing provider of MDC services. The Program provides a list of eligible providers.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (7 of 8)

- g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

Service plans developed for applicants for waiver services are reviewed by Program staff during the eligibility determination process. Additionally, service plans for waiver participants are reviewed by Program staff or the UCA as needed and during on site reviews.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

- h. Service Plan Review and Update.** The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

- ☐ Every three months or more frequently when necessary
- ☐ Every six months or more frequently when necessary
- ☒ Every twelve months or more frequently when necessary
- ☐ Other schedule

Specify the other schedule:

- i. Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following (*check each that applies*):

- ☐ Medicaid agency
- ☐ Operating agency
- ☐ Case manager
- ☒ Other

Specify:

MDC providers.

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

- a. Service Plan Implementation and Monitoring.** Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

(a)OHS is responsible for monitoring the implementation of the service plan and participant health and welfare.

- The multidisciplinary team develops the service plan to include the waiver and non-waiver services, frequency of service and a copy of the service plan to each provider.
- The MDC provider is required to incorporate an emergency back-up plan into the service plan that identifies what procedures to follow in the event that the MDC waiver service is not implemented in accordance with the service plan.

(b)The monitoring, follow-up and frequency of methods used are:

- OHCQ conducts initial licensing surveys and biennial re-licensure surveys.

- OHCQ surveyors monitor the implementation of services as well as participant health and welfare during re-licensing inspections and complaint investigations. OHCQ issues survey results to the provider who must respond with a corrective action plan addressing deficiencies cited on the findings report.
 - OHS and the UCA conducts annual on-site reviews of the MDC providers. A statistically valid sample of participant records are reviewed for appropriate documentation and proper monitoring. The scope of OHS's review includes services furnished in accordance with the service plan, participant access to waiver services, effectiveness of back-up plans and participant access to non-waiver services identified in the service plan. A report of on-site findings will be issued and the provider will have an opportunity to identify actions to remediate identified problems via a submission of a corrective action plan within 15 days.
 - OHS staff reviews all Reportable Events (RE) forms for indicators that services are not being provided, services need to be modified, and/or the participant's health and welfare are at risk. OHS may require a Corrective Action Plan (CAP) from a provider to further insure that a similar incident and/or complaint will not reoccur and that the participant's health and welfare are secure. The waiver provider must submit the CAP to OHS within 15 days of the request.
- (c) Systemic information is obtained by:
- OHS will compile summary reports including recommendations for systemic changes to improve waiver quality on an annual basis.
 - OHS will prepare an annual report containing analysis of the data that will review statewide trends, identify potential barriers, and make recommendations for improvement. OHS will make available this report to stakeholders.

b. Monitoring Safeguards. Select one:

- ☒ **Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.**
- ☐ **Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may provide other direct waiver services to the participant**

The State has established the following safeguards to ensure that monitoring is conducted in the best interests of the participant. *Specify:*

Quality Improvement: Service Plan

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances

i. Sub-Assurances:

- a. Sub-assurance: Service plans address all participants' assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.**

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

% of participants' plans that address the assessed needs including health and safety risk factors; Numerator: # of plans reviewed that address the assessed needs including health and safety requirements; Denominator: # of plans reviewed.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.
- Service plans are reviewed during biennial review of providers by OHS. Additionally, service plans are reviewed every 2 years by OHCQ during re-licensing inspections to ensure all participants' assessed needs are met.
 - State reviews and approves service plans as part of the participant enrollment process.
 - AERS distributes the MDC Services Waiver application packet which includes a freedom of choice form called the Participant Consent Form. This form requires the applicant to choose between institutional and community-based services. Individuals must choose community vs institutional services to become waiver participants.
 - In addition to the MDC Services Waiver application packet, the applicant is provided with a listing of all MDC providers. From this listing the applicant selects which MDC they would like to attend.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

When the State discovers that participants' assessed needs were not included in the service plan, an updated service plan is requested within 15 days addressing the issue. The updated service plan will be approved or disapproved by the State. When appropriate, funds will be recovered.

When the State discovers that participants' goals were not included in the service plan, an updated service plan is

requested within 15 days addressing the issue. The updated service plan will be approved or disapproved by the State. When appropriate, funds will be recovered.

When the State discovers that a participants' service plan is not in accordance with the physician orders, a corrective action plan is requested from the provider within a timeframe appropriate to the issue cited. The corrective action plan is approved or disapproved. Once approved, an updated service plan and current physician orders are required to be submitted to the State to ensure the corrective action has been implemented. When appropriate, funds will be recovered.

When the State discovers that participants' service plans are not approved by the participant or their authorized representative, a corrective action plan is requested from the provider and an approved service plan must be submitted within a timeframe appropriate to the issue cited. Funds will be recovered for the period the service plan was out of compliance.

When the State discovers that the participants' service plans were not updated/ revised at least annually or when the participants' needs changed, a corrective action plan is requested from the provider and an updated service plan must be submitted within a timeframe appropriate to the issue cited. When appropriate, funds will be recovered.

When the State discovers services were not delivered in accordance with their service plan, a corrective action plan is requested from the provider and an updated service plan must be submitted within a timeframe appropriate to the issue cited. When appropriate, funds will be recovered for the time period when service plans were out of compliance. If there is an oversight, omission or error on a participant Consent Form, the State contacts the participant to redo the form.

When the State discovers a participant was not given a list of medical day care providers, a list will be sent to the participant to provide the opportunity for them to choose a Medical Day Care facility. The State will contact AERS to determine whether the distribution protocol is being followed. If not, corrective action will be requested within 15 days.

☐ Yes

Please provide a detailed strategy for assuring Service Plans, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

- ☐ **Yes. This waiver provides participant direction opportunities.** Complete the remainder of the Appendix.
- ☐ **No. This waiver does not provide participant direction opportunities.** Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested (select one):

- ☐ **Yes. The State requests that this waiver be considered for Independence Plus designation.**
- ☐ **No. Independence Plus designation is not requested.**

Appendix F: Participant Rights**Appendix F-1: Opportunity to Request a Fair Hearing**

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Background: Medicaid provides broad Fair Hearing Rights that are applicable to individuals denied choice of HCBS waiver services as an alternative to institutional care, denied services or providers of their choice, and whose services are denied, suspended, reduced or terminated. Specifically, COMAR 10.01.04 which governs Fair Hearings stipulates that the opportunity for Fair Hearing will be granted to individuals aggrieved by any Department or delegate agency policy, action or inaction which adversely affects the receipt, quality or conditions of medical assistance.

Process for Giving Notice to Applicants/Participants:

Applicants and enrolled participants are informed of the Fair Hearing process if they are denied their choice of home and community-based services as an alternative to institutional care; the services of their choice (NOTE: this is a single service waiver) or the providers of their choice; or, have service denied, suspended, reduced, or terminated.

The individual and any representative that has been identified by the individual are sent a letter by OHS that contains the reason for

the denial and a Fair Hearings notice. This written notice contains Medicaid fair hearing rights. Participants' services will continue during the appeal process if the participant enters a timely request for hearing. OHS sends all eligibility denial letters.

This notice is maintained by the MDC in the participant's waiver record and by DHMH Program staff.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

- a. **Availability of Additional Dispute Resolution Process.** Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

☒ **No. This Appendix does not apply**

☐ **Yes. The State operates an additional dispute resolution process**

- b. **Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

- a. **Operation of Grievance/Complaint System.** *Select one:*

☐ **No. This Appendix does not apply**

☒ **Yes. The State operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver**

- b. **Operational Responsibility.** Specify the State agency that is responsible for the operation of the grievance/complaint system:

The DHMH oversees the operation of the complaint system.

- c. **Description of System.** Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

(a) Grievances/complaints related to State mandated quality of care standards applicable to all consumers of adult medical day care irrespective of payment source are received by or referred to OHCQ for investigation. Grievances/complaints related to the provision of Medicaid services are investigated by Program staff either independently or in conjunction with OHCQ.

(b) Grievances and complaints will be investigated and addressed in accordance with the DHMH Reportable Event (RE) Policy and Procedure which was updated April 1, 2010.

(c) Mechanisms used to resolve grievances/complaints in the Reportable Event system are described in section G-1. The RE process is not a substitute for the Fair Hearing process.

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

- a. **Critical Event or Incident Reporting and Management Process.** Indicate whether the State operates Critical Event or Incident Reporting and Management Process that enables the State to collect information on sentinel events occurring in the waiver program. *Select one:*

☒ **Yes. The State operates a Critical Event or Incident Reporting and Management Process** (complete Items b through e)

☐ **No. This Appendix does not apply** (do not complete Items b through e)

If the State does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the State uses to elicit information on the health and welfare of individuals served through the program.

- b. **State Critical Event or Incident Reporting Requirements.** Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the State requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Types of critical events- A Reportable Event includes an allegation of or an actual occurrence of an incident that adversely and/or has potential to negatively affect the health, safety, and welfare of an individual, as well as, quality of care or service issue complaints. Reportable events may include an allegation of or actual occurrence of any of the following:
Abuse, accidents/injuries, exploitation, neglect/self-neglect, treatment errors, rights violations, or any other incidents or complaints not specified above.

All entities associated with the waiver program are required to report the event including: providers, waiver participants and their family members and State administrators. Reporting requirements and timeframes are based on the nature of the event/complaint and are specified in the policy.

All written reportable events must be completed and submitted within 7 days of the event. For Immediate Jeopardy cases, a telephone referral must be made within 24 hours of the event.

The Program reviews the event and takes appropriate action to protect participant from harm.

OHS compiles Reportable Event data daily. OHS submits quarterly reports to the Waiver Quality Council.

- c. **Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

The MDC provider is responsible for providing the new waiver participants and their families with the Reportable Event Policy and Procedures. The reportable event information is also posted on the DHMH website.

Participants (and/or families or legal reps.) should contact DHMH or OHCQ to report abuse, neglect or exploitation.

- d. **Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

Participant's Family/ Legal Rep. – Alleged abuse, neglect and exploitation is to be reported immediately to APS and within 24 hours to local law enforcement and OHCQ and OHS.

Cases of Immediate Jeopardy including abuse, neglect or exploitation should be reported immediately to APS, OHCQ, OHS and the local law enforcement agency within 24 hours. Reportable Events are submitted to OHS within 7 calendar days of knowledge of the event. The waiver program specialist logs the event and reviews the information to determine if further follow up is needed. The event is closed if the documented information or follow-up information requests shows a resolution in the matter and that all appropriate actions were taken to protect the participant from harm. The review, follow-up, and action plan shall be completed and resolved within 45 calendar days.

- e. **Responsibility for Oversight of Critical Incidents and Events.** Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

DHMH is responsible for overseeing the reporting of and response of critical incidents or events. A log is maintained by the MDC Services Waiver staff documenting actions taken by the Department to resolve critical issues and/or complaints.

OHS compiles Reportable Event data daily. A Quarterly Report of all Reportable Events is compiled for the Waiver Advisory Committee.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 2)

a. Use of Restraints or Seclusion. *(Select one):*

- ☐ **The State does not permit or prohibits the use of restraints or seclusion**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restraints or seclusion and how this oversight is conducted and its frequency:

- ☒ **The use of restraints or seclusion is permitted during the course of the delivery of waiver services.** Complete Items G-2-a-i and G-2-a-ii.

- i. **Safeguards Concerning the Use of Restraints or Seclusion.** Specify the safeguards that the State has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints or seclusion). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

State licensure laws and regulations governing adult medical day care providers conform to relevant federal guidelines in regard to Patient Rights and the use of seclusion, restraints and restricted interventions

State licensure law for Day Care for the Elderly and Adults with a Medical Disability requires that the MDC provider must have a policy and procedure on the use of any device or medication for the specific purpose of restricting the participant's freedom or motion or movement within the center.

State regulation COMAR 10.12.04.22 Use of Restraints, states;

A physician or nurse practitioner shall provide a written order and a plan of care addressing the use of restraints, including at least the following information:

1. The maximum period of time that the device may be in use;
2. The need for the use of the device or medication;
3. The frequency of participant observations; and
4. A process for reviewing the necessity of the restraint.

- ii. **State Oversight Responsibility.** Specify the State agency (or agencies) responsible for overseeing the use of restraints or seclusion and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

OHCQ is responsible for overseeing the use of restraints and ensuring that State safeguards concerning their use are followed. During biennial licensing review, OHCQ reviews the MDC provider's policy and ensures that the use of restraints are used for medical reasons and are implemented in the least restrictive manner possible and may not be written PRN (as often as necessary) or used for staff convenience.

Use of restraints/restrictive intervention must be ordered by the physician and documented in the Service Plan. The MDC provider must document on the ADCAPS when restraints/ restrictive interventions are used. If a provider has initiated the use of restraints/restrictive interventions inappropriately OHCQ will take actions based on the findings. Actions may include but are not limited to requiring a plan of correction, monetary sanctions and licensure suspension or revocation.

Appendix G: Participant Safeguards

Appendix G-3: Safeguards Concerning Restraints and Restrictive Interventions (1 of 2)

b. Use of Restrictive Interventions. *(Select one):*

- ☐ **The State does not permit or prohibits the use of restrictive interventions**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

- ☒ **The use of restrictive interventions is permitted during the course of the delivery of waiver services** Complete Items G-2-b-i and G-2-b-ii.

- i. **Safeguards Concerning the Use of Restrictive Interventions.** Specify the safeguards that the State has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

State licensure law for Day Care for the Elderly and Adults with a Medical Disability requires that the MDC provider must have a policy and procedure on the use of any device or medication for the specific purpose of restricting the participant's freedom of motion or movement within the Center.

State regulation COMAR 10.12.04. Use of Restraints, states;

A physician or nurse practitioner shall provide a written order and a plan of care addressing the use of restraints, including at least the following information:

1. The maximum period of time that the device may be in use;
2. The need for the use of the device or medication;
3. The frequency of participant observations; and
4. A process for reviewing the necessity of the restraint.

- ii. **State Oversight Responsibility.** Specify the State agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

OHCQ is responsible for overseeing the use of restraints and ensuring that State safeguards concerning their use are followed. During biennial licensing review, OHCQ reviews the MDC provider's policy and ensures that the use of restraints are used for medical reasons and are implemented in the least restrictive manner possible and may not be written PRN (as often as necessary) or used for staff convenience.

Use of restraints/restrictive intervention must be ordered by the physician and documented in the Service Plan. The MDC provider must document on the ADCAPS when restraints/ restrictive intervention are used. If a provider has initiated the use of restraints/restrictive intervention inappropriately OHCQ will take actions based on the findings.

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. Applicability. Select one:

- ☒ **No. This Appendix is not applicable** *(do not complete the remaining items)*

- ☒ **Yes. This Appendix applies** (*complete the remaining items*)

b. Medication Management and Follow-Up

- i. Responsibility.** Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

- ii. Methods of State Oversight and Follow-Up.** Describe: (a) the method(s) that the State uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and, (c) the State agency (or agencies) that is responsible for follow-up and oversight.

☐ **Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications.**
(*complete the remaining items*)

- ii. State Policy.** Summarize the State policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- iii. Medication Error Reporting.** *Select one of the following:*

☒ **Providers that are responsible for medication administration are required to both record and report medication errors to a State agency (or agencies).**

Complete the following three items:

- (a) Specify State agency (or agencies) to which errors are reported:

- (b) Specify the types of medication errors that providers are required to *record*:

- (c) Specify the types of medication errors that providers must *report* to the State:

- ☐ **Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the State.**

Specify the types of medication errors that providers are required to record:

- iv. **State Oversight Responsibility.** Specify the State agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare

The State, on an ongoing basis, identifies, addresses and seeks to prevent the occurrence of abuse, neglect and exploitation.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Indicator: % of participants' incidents including abuse, neglect and exploitation resolved within required timeframe; **Numerator:** # of incidents resolved within the required timeframe; **Denominator:** # of incidents of abuse, neglect and exploitation reported

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible. Reportable Events data including critical events are submitted to the Waiver Quality Council for review. The Council analyzes the data and makes recommendations such as design, regulatory, and policy changes to the waivers. OHS also works with other agencies including but not limited to, Adult Protective Services, Child protective Services, Board of Nursing, and the Ombudsman to ensure that abuse, neglect and exploitation issues are addressed through referrals and sharing of information when ever possible.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

All incidents and complaints are logged into the Reportable Events Database for tracking. If an incident/complaint has not been resolved in the required timeframe of 45 days, an investigation is initiated to determine the status of the case. Findings are documented in the data base or case file.

☐ Yes

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix H: Quality Improvement Strategy (1 of 2)

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own

performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QMS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I) , a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The *remediation* activities followed to correct individual problems identified in the implementation of each of the assurances;

In Appendix H of the application, a State describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the QMS* and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QMS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program.

Appendix H: Quality Improvement Strategy (2 of 2)

H-1: Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

OHS Medical Day Care Program staff comprised of the Division Chief, Program Supervisor and staff specialists are responsible for trending, prioritizing and determining system improvements based on the data analysis and remediation information from the ongoing quality improvement strategies. Medical Day Care (MDC) staff specialists are trained to ensure all system improvements of the MDC Services Waiver are implemented and continuously being addressed.

Regular reporting and communications among MDC Services Waiver providers, Medical Day Care Program staff, the Utilization Control Agent, and other stakeholders including the Waiver Quality Council facilitates ongoing discovery and remediation. The Medical Day Care Program is the lead entity responsible for trending, prioritizing and determining system improvements based on the data analysis and remediation information from the ongoing quality improvement strategies. These processes are supported by the integral role of other waiver partners in providing data, which may also include data analysis, trending and the formulation of recommendations for system improvements. These partners include, but are not limited to, the licensing office, MDC Services Waiver providers, participants and family, and the Waiver Quality Council members. A plan to work on significant problem areas may result in the establishment of a specific task group or groups, which could also involve stakeholders.

Data is received, reviewed, and documented by the MDC Program. Sources of data include but are not limited to: providers submission of enrollment documents, Reportable Events, continued stay reviews; UCA monthly reports of enrollments, approvals, denials and continued stay review approvals and denials; and complaints made by family/caregivers. Based on the nature of this information, data is disseminated to appropriate staff to be reviewed, prioritized and recorded in the appropriate databases, spreadsheets and logs for analysis. Staff specialists review data, noting trends and looking for anomalies that may need immediate attention. When data analysis reveals the need for system change, MDC Services Waiver staff makes recommendations to OHS management and discuss the prioritization of design changes. Plans developed as a result of this process will be shared with stakeholders, primarily through the forum of the Waiver Quality Council, for review and recommendations. Dependent on the nature of the system/program change required, the industry will be notified via DHMH transmittals, letters, memos, emails and or posted on the DHMH-OHS website.

b. System Design Changes

- i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State's targeted standards for systems improvement.

The efficiency of the waiver quality improvement strategy design is an ongoing process performed by OHS Medical Day Care Program staff responsible for the administration of the waiver and the implementation of program improvement and for the subsequent assessment of their effectiveness. Data will be reviewed on a quarterly basis to determine if any system changes are warranted. If a system change is required and implemented, the Medical Day Care Program staff will evaluate the effectiveness of the change by analyzing the data and monitoring post system change (s). Once reviewed and analyzed, a report compiling outcomes and lessons learned will be written. Data and lessons learned related to the change will be shared verbally and by written report with the Waiver Quality Council and other stakeholders who are engaged in formulation of program strategies.

- ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

Administering waiver staff continuously evaluates the effectiveness and relevance of the quality improvement strategy with input from participants, providers, and other stakeholders. Through the continuous process of discovery, vital information will continually flow into the waiver from many sources, such as, Reportable Events, waiver performance measures, provider reports, provider licensure, complaint surveys/reports, Fair Hearings and provider audits. If the quality improvement strategy is not working as it should be, the repetition of issues and problems and unsuccessful improvement will indicate that the quality management plan must be reconfigured. To provide structure to the periodic evaluation of the quality improvement strategy, Medical Day Care Program staff will routinely involve the Waiver Quality Council. A review of the effectiveness of the quality management plan will be on the MDC Services Waiver Advisory Committee meeting agenda annually.

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

There is an annual independent audit of Maryland's Medical Assistance Program that includes Medicaid home and community-based waiver programs. The annual audit is conducted by an independent contractor in accordance with Circular A-133. A major focus of this audit is the integrity of provider billings. The contract for this audit is bid out every five years by Maryland's Comptroller's Office.

The Maryland Department of Legislative Services conducts independent audits of all State agencies and programs including the Medical Assistance Program. Medicaid is audited on a two-year cycle.

DHMH-OHS staff conducts annual on-site audits of each MDC provider as a method to ensure program integrity. A sample of participant Service Plans are reviewed and compared with provider attendance records.

DHMH-OHS staff conducts Surveillance and Utilization Reviews on an annual basis of a sample of MDC providers to ensure program integrity.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability

State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Indicator: % of claims that were paid in accordance with reimbursement methodology;

Numerator: # of claims paid in accordance with reimbursement methodology; **Denominator:** # of claims reviewed

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible. The Surveillance and Utilization Review Subsystem (SURS) is a federally required component of the Medicaid Management Information System (MMIS). Its purpose is to provide comprehensive profiles of the utilization of services by providers and recipients of the Medicaid Program. These reports are used to assist in the detection of Program fraud and abuse, monitor quality of service, and provide for the development of Program policy.

The data for SURS reports is derived from the Medicaid claims information and Encounter data to produce a comprehensive statistical profile on providers who deviated from pre-defined criteria for the purposes of analysis and review.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

The Medical Day Care Services Waiver is a single service waiver with a set per diem rate for four or more hours per day. When the State finds that a provider has billed for a day of service for which the participant attended the center less than the required four hours, funds will be recovered. When appropriate, a corrective action plan is required within 15 days. When fraud or abuse is suspected, the case is referred to the Office of the Inspector General for their review.

When a provider is found to have billed for dates of services beyond the scope of the participants' service plan, funds will be recovered for all service dates that were not in accordance with the participants' service plan. A corrective action plan will be required within 15 days.

When fraud or abuse is suspected, the case is referred to the Office of the Inspector General for their review.

I-2: Rates, Billing and Claims (1 of 3)

- a. **Rate Determination Methods.** In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Payment to a MDC provider is on a per diem basis and are limited to the number of days each participant attends the MDC center as authorized in the participant's service plan. Effective with the implementation of the MDC Services Waiver the per diem rate will be the same as the current medical day care fee for service rate. Originally cost based the reimbursement

methodology was changed to a standard fee for service in November 1990. Waiver regulations which are publicly available on the DHMH website will state the reimbursement rate at initiation of the waiver and provide that the reimbursement rate will be adjusted annually by the percentage increase in the March Consumer Price Index for All Urban Consumers, Medical Care Component, Washington-Baltimore, from U.S. Department of Labor, Bureau of Labor Statistics. This adjustment will be capped at 5% unless otherwise required by the State budget process. This adjusted rate will be established by the State Medicaid Program (Program) one month before the beginning of the State's new fiscal year and is applicable for the State's entire fiscal year (July through June). The Program will communicate rate changes by the issuance of Program Transmittals issued to all participating providers. Program Transmittals are posted on the DHMH website for public review.

- b. Flow of Billings.** Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the State's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

MDC Services Waiver providers bill the State directly and the claims are processed by the Program's MMIS.

- c. Certifying Public Expenditures** (*select one*):

- ☒ **No. State or local government agencies do not certify expenditures for waiver services.**
- ☐ **Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their State government expenditures (CPE) in lieu of billing that amount to Medicaid.**

Select at least one:

- ☐ **Certified Public Expenditures (CPE) of State Public Agencies.**

Specify: (a) the State government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (*Indicate source of revenue for CPEs in Item I-4-a.*)

- ☐ **Certified Public Expenditures (CPE) of Local Government Agencies.**

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). - d. Billing Validation Process.** Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant's approved service plan; and, (c) the services were provided:

Payments for all waiver services are made through the approved Medicaid Management Information System (MMIS). MMIS edits each claim to validate the participant's waiver eligibility on the date of service. Requests are made for federal financial participation based on claims processed through the MMIS. Post payment review methodologies will be employed to insure that payment is made only for service that are included the participant's approved service plan and received by the participant.

- e. **Billing and Claims Record Maintenance Requirement.** Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR §92.42.

- ☐ **Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.**

Describe how payments are made to the managed care entity or entities:

Appendix I: Financial Accountability

I-3: Payment (2 of 7)

- b. **Direct payment.** In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (*select at least one*):

- ☒ **The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.**
- ☐ **The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.**
- ☐ **The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.**

Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:

- ☐ **Providers are paid by a managed care entity or entities for services that are included in the State's contract with the entity.**

Specify how providers are paid for the services (if any) not included in the State's contract with managed care entities.

- c. Supplemental or Enhanced Payments.** Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan/waiver. Specify whether supplemental or enhanced payments are made. *Select one:*

- ☒ **No. The State does not make supplemental or enhanced payments for waiver services.**
- ☐ **Yes. The State makes supplemental or enhanced payments for waiver services.**

Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the State to CMS. Upon request, the State will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.

- d. Payments to State or Local Government Providers.** *Specify whether State or local government providers receive payment for the provision of waiver services.*

- ☐ **No. State or local government providers do not receive payment for waiver services.** Do not complete Item I-3-e.
- ☒ **Yes. State or local government providers receive payment for waiver services.** Complete Item I-3-e.

Specify the types of State or local government providers that receive payment for waiver services and the services that the State or local government providers furnish: *Complete item I-3-e.*

Both county-owned MDC centers and MDC centers operated by local health departments provide the same MDC services as privately owned MDC's. The following is a list of such MDC providers: Eleanor E Hooper (Baltimore City-public), Caroline County Medical ADCC (LHD), Kent County MADCC (LHD), and Kent Island AMDS (LHD).

e. Amount of Payment to State or Local Government Providers.

Specify whether any State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the State recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. *Select one:*

- ☒ The amount paid to State or local government providers is the same as the amount paid to private providers of the same service.
- ☐ The amount paid to State or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.
- ☐ The amount paid to State or local government providers differs from the amount paid to private providers of the same service. When a State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the State recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report.

Describe the recoupment process:

g. Additional Payment Arrangements

i. Voluntary Reassignment of Payments to a Governmental Agency. *Select one:*

- ☒ No. The State does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.

- ☒ **Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e).**

Specify the governmental agency (or agencies) to which reassignment may be made.

ii. Organized Health Care Delivery System. *Select one:*

- ☒ **No. The State does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.**
- ☐ **Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.**

Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

iii. Contracts with MCOs, PIHPs or PAHPs. *Select one:*

- ☒ **The State does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.**
- ☐ **The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the State Medicaid agency.**

Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

- ☐ **This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.**

I-4: Non-Federal Matching Funds (1 of 3)

- a. State Level Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the State source or sources of the non-federal share of computable waiver costs. *Select at least one:*

- ☒ **Appropriation of State Tax Revenues to the State Medicaid agency**
- ☐ **Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency.**

If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the State entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:

- ☐ **Other State Level Source(s) of Funds.**

Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by State agencies as CPEs, as indicated in Item I-2- c:

I-4: Non-Federal Matching Funds (2 of 3)

- b. Local Government or Other Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the source or sources of the non-federal share of computable waiver costs that are not from state sources. *Select One:*

- ☒ **Not Applicable.** There are no local government level sources of funds utilized as the non-federal share.
- ☐ **Applicable**

Check each that applies:

- ☐ **Appropriation of Local Government Revenues.**

Specify: (a) the local government entity or entities that have the authority to levy taxes or other revenues; (b) the source(s) of revenue; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement (indicate any intervening entities in the transfer process), and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

- ☐ **Other Local Government Level Source(s) of Funds.**

Specify: (a) the source of funds; (b) the local government entity or agency receiving funds; and, (c) the mechanism that is used to transfer the funds to the State Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and /or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2- c:

I-4: Non-Federal Matching Funds (3 of 3)

- c. **Information Concerning Certain Sources of Funds.** Indicate whether any of the funds listed in Items I-4-a or I-4-b that make up the non-federal share of computable waiver costs come from the following sources: (a) health care-related taxes or fees; (b) provider-related donations; and/or, (c) federal funds. *Select one:*

☒ **None of the specified sources of funds contribute to the non-federal share of computable waiver costs**

☐ **The following source(s) are used**

Check each that applies:

☐ **Health care-related taxes or fees**

☐ **Provider-related donations**

☐ **Federal funds**

For each source of funds indicated above, describe the source of the funds in detail:

Appendix I: Financial Accountability

I-5: Exclusion of Medicaid Payment for Room and Board

- a. **Services Furnished in Residential Settings.** *Select one:*

☒ **No services under this waiver are furnished in residential settings other than the private residence of the individual.**

☐ **As specified in Appendix C, the State furnishes waiver services in residential settings other than the personal home of the individual.**

- b. **Method for Excluding the Cost of Room and Board Furnished in Residential Settings.** The following describes the methodology that the State uses to exclude Medicaid payment for room and board in residential settings:

I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver. *Select one:*

☒ **No. The State does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.**

☐ **Yes. Per 42 CFR §441.310(a)(2)(ii), the State will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The State describes its coverage of live-in caregiver in Appendix C-3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver's home or in a residence that is owned or leased by the provider of Medicaid services.**

The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (1 of 5)

- a. **Co-Payment Requirements.** Specify whether the State imposes a co-payment or similar charge upon waiver participants for waiver services. These charges are calculated per service and have the effect of reducing the total computable claim for federal financial participation. *Select one:*

- ☒ No. The State does not impose a co-payment or similar charge upon participants for waiver services.
- ☐ Yes. The State imposes a co-payment or similar charge upon participants for one or more waiver services.
- i. Co-Pay Arrangement.

Specify the types of co-pay arrangements that are imposed on waiver participants (*check each that applies*):

Charges Associated with the Provision of Waiver Services (if any are checked, complete Items I-7-a-ii through I-7-a-iv):

- ☐ Nominal deductible
- ☐ Coinsurance
- ☐ Co-Payment
- ☐ Other charge

b. Other State Requirement for Cost Sharing. Specify whether the State imposes a premium, enrollment fee or similar cost sharing on waiver participants. *Select one:*

- ☒ No. The State does not impose a premium, enrollment fee, or similar cost-sharing arrangement on waiver participants.
- ☐ Yes. The State imposes a premium, enrollment fee or similar cost-sharing arrangement.

Describe in detail the cost sharing arrangement, including: (a) the type of cost sharing (e.g., premium, enrollment fee); (b) the amount of charge and how the amount of the charge is related to total gross family income; (c) the groups of participants subject to cost-sharing and the groups who are excluded; and, (d) the mechanisms for the collection of cost-sharing and reporting the amount collected on the CMS 64:

J-2: Derivation of Estimates (2 of 9)

- b. **Average Length of Stay.** Describe the basis of the estimate of the average length of stay on the waiver by participants in item J-2-a.

The average span use for the current waiver is 293 days. It is projected that span use will remain relatively constant over the next five years of the waiver renewal.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (3 of 9)

- c. **Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.

- i. **Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

Based on analysis of current waiver data the average units of service per user is 187.8. It is projected that the average units of service per user will remain relatively constant over the next five years of the waiver renewal.

The cost per unit of the medical day care service has also remained relatively constant and a 1% decrease in the cost of service has been budgeted for FY12. In the remaining years of the waiver renewal, the cost of service is forecasted using an average yearly increase of 2% in the Consumer Price Index for Medical Care in the Washington-Baltimore area.

- ii. **Factor D' Derivation.** The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The average cost of non-waiver services received by current waiver participants was calculated based on current waiver data. For each year of the waiver renewal, the average cost per user was increased by the average yearly increase of 2% in the Consumer Price Index for Medical Care in the Washington-Baltimore area.

- iii. **Factor G Derivation.** The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The average costs of nursing facility services received by nursing facility residents were calculated for FY 2008-FY 2010 to project the average annual costs for FY 2011. For the first year of the waiver a 1.5% budget increase was allowed. Thereafter, the average cost per user was increased by the average yearly increase of 2% in the Consumer Price Index for Medical Care in the Washington-Baltimore area.

- iv. **Factor G' Derivation.** The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The average costs of non-nursing facility services received by nursing facility residents were calculated for FY 2008-FY 2010 to project the average annual costs for FY 2011. For the first year of the waiver the same average annual cost was used because no budget increase was allowed. Thereafter, the average cost per user was increased by the average yearly increase of 2% in the Consumer Price Index for Medical Care in the Washington-Baltimore area.
